## SALES COMMITTEE COMMENT

It is with great pleasure that the members of the Marshall County (Iowa) Shorthorn Breeders Assn. invite you and welcome you to a presentation at their 97th Show and Sale, one of the world's most useful breeds of cattle.

From the times of the Bates', the Booth's, Collings, Duthie's up thru' 1817 and the early 1800's importation, and on up thru' the Girton's and Kinzer's of Marshall County, probably no faster development of Shorthorns and Polled Shorthorns has been made that affects the consumer, than during the last few years. Carcass contests, bull tests, and pressure from exotic imports have brought focus on more lean meat, less surface and internal fat, gainability with efficiency, mothering ability with a high calving percentage, and a minimum amount of labor from an expanding farmer.

This highly speeded up, genetic selection has been accomplished in this established breed.

The surge in prices experienced so far this year can be attributed to several factors. One of these is the current high tide of feeder and finished cattle prices. Some cattle prices have reached highs that had not been experienced in 25 years. The high cattle prices coupled with an increased consumer demand for beef presents a very favorable situation for the commercial cattlemen and purebred producer. The commercial cattlemen's acceptance of the breed is a strong indicator that Shorthorn and Polled Shorthorn breeders are producing the type of animal that does well on the range and in the feedlots.

At the current bull tests, Polled Shorthorns are leading the three established breeds with a gain of over 4 lbs. per day, at the time of this writing.

These sale bulls are a fine selection from 12 months to 40 months of age. The females vary from late 1971 heifers to matrons close to calving by sale night.

Look your herd over and place your bids where you need improvement or expansion.

Sale management by Sale Committee.

# INFORMATION FOR THE BUYER

PLACE: Central Iowa Fairgrounds on southeast edge of Marshalltown. Located near the center of the state, intersecting highways make it easily accessible from all parts of Iowa and adjoining states.

TERMS: The terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction.

CARE OF THE ANIMALS: Cattle will be buyer's risk as soon as bid off. Arrangements for leaving animals purchased overnight can be made. Be sure to leave definite instructions with the clerk at time of settlement.

GUARANTEE: All animals sold will be backed by the Standard Guarantee endorsed by the American Shorthorn Assn. which is printed elsewhere in this catalog.

LIABILITY: The sale committee, auctioneer and ringmen have specific tasks not connected with the handling of the cattle or the condition of the premises and they will not accept liability, legal or otherwise, for the buying contract or for any accident. Neither can the seller accept any liability for injuries that may occur. All persons attend this sale at their own risk.

\*\*\*

LUNCH will be available on the grounds.

AUCTIONEER: Tom Sherlock, Oxford, Iowa

FIELDMEN: Wade Hauser, Jr., Wallaces' Farmer;  
Wayne Farnum, Victor; also a representative  
from American Shorthorn Assn.

SALE COMMITTEE: Leland Kellogg, Robert Fuller,  
Lloyd Beecher, Lawrence White

PLEASE BRING YOUR OWN BANK CHECKS

# STANDARD GUARANTEE

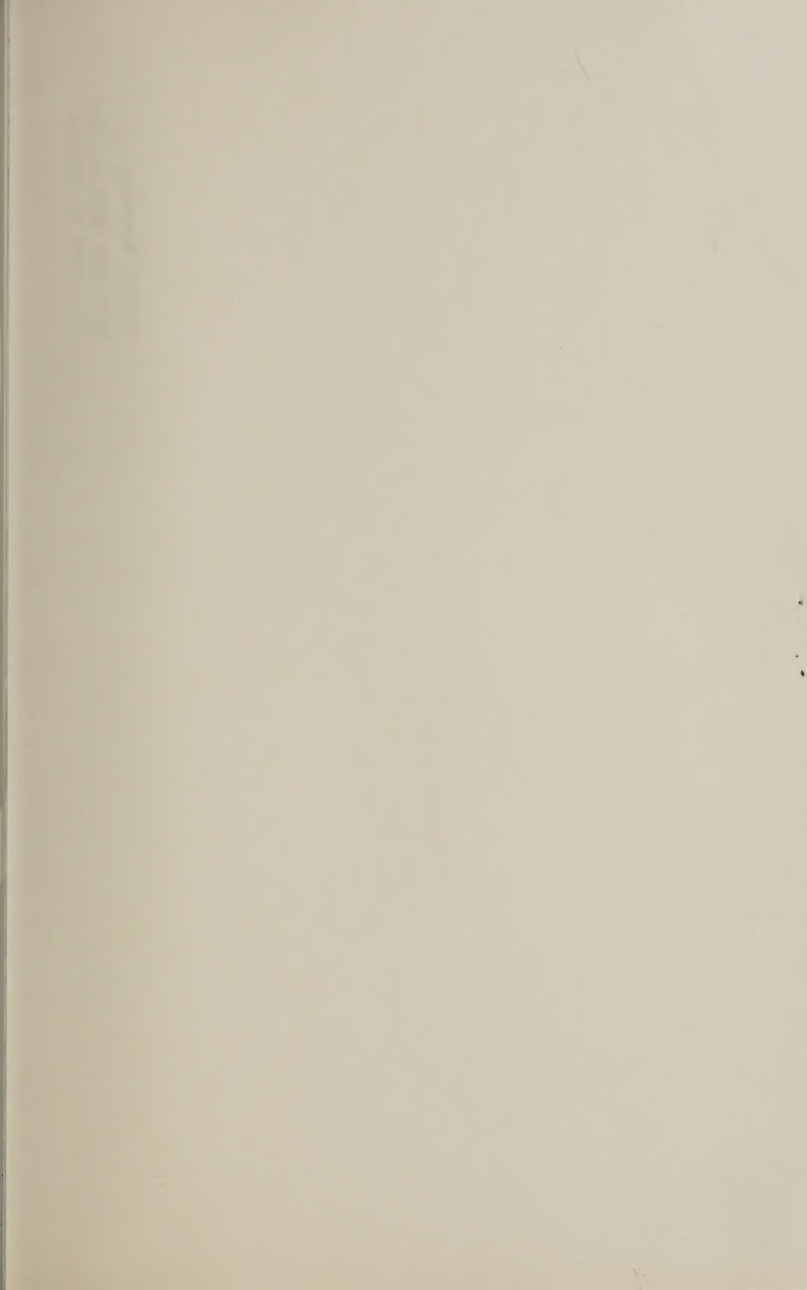

ENDORSED BY THE AMERICAN SHORTHORN ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller. Cows with calves at foot even though bred are not given any guarantee.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.
5. In the event an animal is returned by the buyer to the seller as a non-breeder, the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such certificate is required by the seller.
6. All animals are sold to comply with the laws regulating tuberculosis and Bang's disease of the state or country into which they may be shipped.
7. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

# CONSIGNOR'S INDEX

Consignor	Bulls	Females
Paul Aldinger, Ackley	2, 3;42,43,44,45	
Harold Bacon, Good Hope, Ill.	16,20
